### **DETAILED ACTION**

Applicant's arguments and remarks filed December 20, 2007 has been received and entered into the present application.

Terminal Disclaimer filed 12/20/2007 has been received and entered into the present application

Applicant's arguments, filed December 20, 2007, have been fully considered. Rejections not reiterated from previous Office Actions are hereby withdrawn. The following rejections are either reiterated or newly applied. They constitute the complete set of rejections presently being applied to the instant application.

#### ***Maintained Claim Rejections - 35 USC § 103***

The rejection of claims 1-14 under 35 U.S.C. 103(a) as being unpatentable over Midha et al. (US Patent No. 6555117 B2) has been maintained for the reasons stated in the prior Office Action, June 29, 2007.

#### ***Response to Arguments under 35 USC § 103***

Applicant's arguments filed December 20, 2007 have been fully considered but they are not persuasive. Applicant argues that the composition Midha et al. does not produce a reshapable hair styling composition.

Art Unit: 1614

Examiner does not agree Midha et al. in patent No. 6555117 teach the same materials used in the compositions have been applied in the form of mousses, gels, lotions, or sprays. Applicant is reminded that the characteristics of a compound and its properties are not separated from each other. Using the same compounds in a composition would have the same effect as that claimed because products of identical compounds cannot have mutually exclusive properties. Therefore, Midha's composition does have the reshapable effect. Moreover, a reshapable hair styling composition is an intended use. An intended use fails to materially or physically limit the structure of the composition and so long as the composition of the prior art can perform such a use, then it meets the claim(s).

Applicant's remarks have been fully and carefully considered in their entirety, but fail to be persuasive.

For these reasons, and those already made of record in the previous Office Action dated June 29, 2007 of which such reasons are incorporated herein by reference, rejection of claims 1-14 remain proper.

### ***Conclusion***

No claims of the present application are allowed.

Accordingly, **THIS ACTION IS MADE FINAL**. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1614

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136 (a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
